

VERTICAL BLINDS

Classy, elegant and sophisticated

VERTICAL BLINDS

Vertical Blinds add class, elegance and sophistication to any room. Being both versatile and practical, you have full control over light and privacy levels as the fabric rotate up to 180 degrees.

These Vertical Blinds are available in 2 panel widths in a range of fabrics, textures and colours. The different fabrics allow you to choose from full privacy and blackout, or partial privacy.

Maximum coverage of large windows and even able to fill sloping window designs up to 45°.

Easily operated using a PVC Child Safe wand or more traditional control chain.

The blinds are now available finished with fully stitched in bottom weights giving a sleek chainless look and eliminating the hassle of broken chains.

Enhance your home or office by adding a dimension of height and elegance with these Vertical Blinds. Finish available in a stunning range of Fabrics.
